

## Proposal Writing Workshop for Clinical Researchers

Dear Colleagues

the [YouClin](#) Steering Committee hopes that this message finds you and yours well.

As the clinical and everyday life burden of the first wave of the Covid-19 pandemic is about to slowly diminish, many of us have started to prepare a re-launch of scientific and in particular experimental activity.

Although unquieting, this exceptional period may have also offered some space for creativity and innovation. In this context and if the clinical situation allows, you may be interested in the **Proposal Writing Workshop for Clinical Researchers** organized by the Synapsis Alzheimer Research Foundation.

Before the lockdown, the workshop was scheduled to take place on **Wednesday 10 June 2020** 9-17h in Bern. Depending on further evolution of the current situation, the organizers consider holding the workshop online. The deadline for **registration** is 22 May.

You will find **further information** here: <https://www.alzheimer-synapsis.ch/fr/la-recherche/fuer-forschende/evenements/translate-to-francais-upcoming-events>
